

# Catering at Shuttleworth

Catering at Shuttleworth House is provided by one of five contracted external companies. You will need to reach out to them directly via the details below.

Our hire prices do not include catering so we recommend you contact them as soon as possible for quotes. Top tip: make sure quotes include all table linen, staffing, cutlery, crockery and glassware for the drinks reception and meal.

Your chosen caterers will event manage your wedding day. If you would like them to make announcements for the meal and/or speeches please inform them of this during the planning stages. It is also worth noting it is the caterers responsibility to cut your wedding cake if needed.

Dietary requirements are very important, please make sure you inform caterers of them as soon as your guests RSVP.
